Remarks: While normally I would have sent on this request for information directly to <input type="checkbox"/> <input type="checkbox"/> it appears to me that one aspect of it, namely the questionnaire on publications management information, is somewhat broader than <input type="checkbox"/> 's responsibilities. Would appreciate your thoughts. Possibly <input type="checkbox"/> could handle the entire package in coordination with interested components. If you think <input type="checkbox"/> can handle, please have <input type="checkbox"/> contact me prior to final dispatch. Please let me know if I can do anything on this.
